Introduction to

TEAM

2013 - 2014

www.ctteam.org
Legislation passed in October 2009 has established a Teacher Education and Mentoring (TEAM) Program for the purpose of providing support and professional growth for beginning teachers.
The mission of the TEAM Program is:

to promote excellence, equity and high achievement for Connecticut students by engaging teachers in purposeful exploration of professional practice through guided support and personal reflection.
Why is TEAM so Important?

- On-Going Support
- Formative Process
- Professional Growth
Who are the TEAM Program players?

- Beginning teachers holding an initial, interim initial or 90 day certificate.
- Trained Mentors
- District Administrators
- Coordinating Committees
- Review Committees
- Professional Organizations
- Regional Education Service Centers (RESCs)
- CT Department of Education (CSDE)
How will my district support the TEAM Program?

- **District Facilitator**-
  - An individual appointed to serve as a liaison between CSDE, district, beginning teachers and mentors regarding requirements of the TEAM program.

- **TEAM Coordinating Committee**
  - A district committee that plans, implements and monitors the district’s TEAM Program.

- **District Support Plan**
  - A plan outlining how your district will support beginning teachers and mentors.
What is the design of the TEAM Program?

- A professional growth model aligned with **five domains** of Connecticut’s Common Core of Teaching (CCT)

  - Classroom Environment, Student Engagement and Commitment to Learning
  - Planning for Active Learning
  - Instruction for Active Learning
  - Assessment for Learning
  - Professional Responsibilities and Teacher Leadership
The CCT Emphasizes:

- **High Student Achievement** and success for all students
- **Differentiation** of instruction to support students
- **Collaboration** with colleagues and families to meet the diverse needs of all students
- **Commitment to the analysis** of teaching and continuous professional development

Help Tips appear when you *hover* your mouse pointer.
1. Identify a Need or Opportunity for Professional Growth
   - Use CCT Performance Profile to explore current practice
   - Identify a focus for professional growth
   - Create an Initial Summary
   - Create a Professional Growth Goal

2. Develop A Professional Growth Action Plan
   - Plan for meaningful teacher learning
   - Identify activities/resources to support professional growth
   - Determine 8-10 week timeline and potential meetings with mentor
   - Enlist support of building administrator

3. Implement Plan to Develop & Apply New Learning
   - Develop new learning
   - Try out new learning in the classroom
   - Record and analyze changes in teaching practice and student outcomes
   - Monitor impact of plan to determine success/completion

4. Reflect on & Document the Module Process in a Reflection Paper
   Summarize process using specific examples/evidence of:
   - Professional growth activities and what was learned from them
   - How the teacher's practice has improved
   - Positive impact on student learning/performance
TEAM Module Process

Identify Need for Professional Growth:

- **Explore** *CCT Performance Profile*
- **Select** one indicator for professional growth
- **Record** specific examples/evidence of practice
- **Create** an *Initial Summary* describing current practice
- **Develop** a *Goal*
- **Record** meetings in *Log*
- **Document** work in *Journal*
**CCT Performance Profile**

Profiles available on ctteam.org

- **Read** the Performance Profile going across from left to right.
- **Note** language changes as you move across the continuum.

The *Initial Summary* should include specific examples/evidence of:

- What the *teacher* is doing at the start of the module.
- What the *students* are doing at the start of the module.
The Professional Growth Goal should:

• Connect to the selected CCT Performance Profile Indicator.

• Describe what the teacher wants to learn.

• Explain what impact the teacher anticipates the application of new learning will have on the students:
  – *I want to learn* ________________________________.
  – *As a result, students will* ________________________________.

• Be achievable in 8 – 10 weeks.
TEAM Module Process
Develop a Professional Growth Action Plan (PGAP)

- **Identify** specific activities to develop new learning.
- **Select** resources to support professional growth activities.
- **Record** the teacher learning activities and resources online.
- **Create** and record a schedule for future meetings.
- **Communicate** with the building administrator to share *Professional Growth Action Plan*. 
Professional Growth Action Plan (PGAP) is created through the separate entry of the following components: Goal, Activities/Resources, Anticipated Timeline, and Proposed Meeting Dates

**Mentoring Module Process Step #2**

**Goal** *(Related to CCT, addresses a relevant and achievable teacher learning need and includes outcomes for students)*

<table>

</tr>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Anticipated Timeline for Module Completion** *(Recommend 8-10 week period)*

**Proposed Meeting Dates**
Try out new learning in the classroom.

Document changes in practice and impact on students.

Compare examples/evidence to the Initial Summary.

Record reflections, evidence and decisions.
My Personal Journal

Use My Personal Journal to record specific and detailed information and examples related to your module work. Your Journal should include descriptions of such things as:

- How you developed new learning, e.g., readings, conversations with your mentor and other colleagues, professional development activities;
- How you applied your new learning and what happened as a result, e.g., how your practice changed and the impact on students; and
- Your ongoing analysis and reflection related to successes and continued challenges, cause and effect thinking insights and/or concerns. You will use the specific examples/evidence in your journal to help you determine if your plan is working or if it needs to be modified and when you document your process and outcomes in your reflection paper.

Have observed that Gabrielle seems to have more trouble and cause disruptions while actually engaged in activities. She always wants my attention and needs reinforcement so often that she keeps interrupting.

I think that if I can get Gabrielle and Andy focused it would make a big difference and help the rest of the class stay on task.

These students seem to be a lot less mature than the kids last year.
Note: **Mentors are responsible** for documenting meetings with their beginning teacher in the meeting log. Beginning teachers verify the accuracy of the meetings.

Create a short reflection paper that includes:

- a description of what the teacher did to develop new learning;
- an explanation of what the teacher learned from the learning activities and resources;
- specific examples/evidence of how the teacher used new learning to improve teaching practice;
- specific examples/evidence of how student performance/learning improved as a result of changes in teaching practice; and
- a comparison of the changes in teaching practice and positive outcomes for students to what was described in the Initial Summary.
What happens after I complete my Reflection Paper?

- Share the reflection paper with mentor for feedback and sign-off
  - Note: Mentor sign-off indicates that reflection paper is consistent with on-going work during module.

- Submit reflection paper electronically via www.ctteam.org for review.

- Teachers will be notified via ctteam whether their reflection paper has met completion standard.
Districts have two options:

- **In-District Review**
  - *Trained reviewers from the district will review Reflection Papers.*

- **Regional Review Committee**
  - *Trained reviewers representing all Connecticut districts will review the reflection paper.*
Three Criteria for Success

- Development of New Learning
- Impact on Practice
- Impact on Students
Criteria I

Development of New Learning

• Describes *how the teacher developed* new learning; and

• Explains *what the teacher learned* from the selected activities and resources and/or thinking more deeply about her/his practice.
Criteria II

Impact on Practice

Explains, using specific examples/evidence how the teacher’s practice is different.
Explains, using specific examples/evidence, how student performance/learning has improved as a result of changes in the teacher’s practice.
What happens if my Reflection Paper does not meet the standard for successful completion? Consider the following...

- Go back to the journal for additional data.
- Engage in additional professional growth activities.
- Collect additional data.
- Continue to engage in discussions with mentor.
- Submit revised Reflection Paper.
What happens when I successfully complete all the required modules?

- The superintendent will verify that the Beginning Teacher has completed the TEAM Program Requirements.

- BT is eligible for provisional certification.

I believe that reaching out to my coworkers for assistance, researching strategies in publications, and keeping a willingness to learn from others will contribute to my professional growth and a long, successful career in teaching.

Reviewing the CCT Performance Profile was extremely helpful in examining and identifying my teaching practices prior to this process.

When I started this module, my classroom was almost 100 percent teacher driven. By the end of the module, there was a noticeable sharing of classroom responsibilities and a greater participation by the students in the learning process.
